

CUSTOM-MADE CABANAS ON BOARD

A PRIVATE OASIS AT SEA

When it comes to finding the perfect place to relax on board, there are countless options. Yet few can rival the allure of a cabana. A cabana offers the perfect blend: the freedom of being outdoors paired with the comfort and elegance of a five-star resort. Cabanas are designed to add an extra luxurious experience on board. They not only offer shade and privacy, but also exclusive services.

The ROBOS cabanas are designed to extend indoor life to the outdoors with an architectural style. Each cabana can be fully customized to your vision – from fabrics and materials to dimensions and finishes.
